1.	Выполнить копию в тоне (А-3)	 A detailed pencil drawing of a still life composition. It features a dark, slender bottle standing next to a small, light-colored pitcher. Both objects are placed on a surface covered with a cloth that has some folds. The background is a simple, light-colored plane. The drawing uses fine lines and shading to create a sense of volume and texture.
2.	Зарисовка в тоне . Яйцо с натуры. (А-5)	 This section contains two images. The top image is a pencil drawing of an egg, showing its rounded form with soft shading to indicate its three-dimensional shape. The bottom image is a comparison of two ways to draw a sphere. The sphere on the left is marked with a large red 'X' and shows a less convincing shading with some visible pencil strokes. The sphere on the right is marked with a large green checkmark and shows a more polished shading with a smooth gradient and a soft shadow, demonstrating a better technique for creating a realistic three-dimensional effect.

3.	Зарисовки овощей фруктов в тоне. (А-5) 3 шт	
4.	Фигура человека (А-4)
